## 1. General Characteristics of the District

The foundation of Kota city was laid by Jait Singh, the Grand son of Rao Deva, the Chief of Bundi, by defeating the Koteah Bhil, which was at the east bank of river Chambal, the Town which was named as Kota and became the capital of former Kota State. According to another view, Jait Singh captured Aklegarh in VS 1321 (1264 AD) and occupied Kota, which was a pargana attached to the Jagir of Bundi. In 1625 AD Mughal Emperor Jehangir granted Kota State alongwith its 363 township to Madho Singh who became its first Chief.

### 1.1 Location & Geographical Area.

The district lies between 24° 25' and 25° 51' latitude and 75° 37' and 77° 26' longitude. It is bounded on north and north west by Sawai Madhopur, Tonk and Bundi districts. The Chambal river separates these from Kota district and forms the natural boundary. The district is bounded by Jhalawar, and Mandisor district of M.P. on the south, Baran district on the east and Chittorgarh district of Rajasthan on the west. The maximum length of the district from north to south is 153 Kms. and maximum width from east to west is 84 Kms. The total geographical area of the district is 521133 hectares as per land record.

### 1.2 Topography

Kota is one of the eastern districts of Rajasthan and is something like a dumber in shape. The country slopes gently northward from the high table land of Malwa in Madhya Pradesh. It is well watered drained by rivers flowing in the north and north eastern directions. There are hills in the south, north and eastern portion of the district and it is generally fertile.

### 1.3 Availability of Minerals.

The following table gives the status of Leases in district Kota

S. No.	District	No. Of Leases		Total

### 3.7 One District One Product

The following items are selected for ODOP (one district one product) by the state government

S.No.	District	Export Potential Products	
		Industrial Product	Agro Product
1	Kota	Kota Stone	Coriander

### 3.8 Growth Trend

1. In the district power plants are showing 15%-20% annual growth due to their strategic location.
2. In the DCM Shri Ram Group i.e. still using the old technology still in cost competitiveness due to its professional managements and buyers requirements
3. Some companies like samcor is facing negative growth due to its obsolete technology and no demand of the product in the market.

### 3.9 Vendorisation/ Ancillisation of the industry

1. In the power sector basic raw material i.e. Coal is being imported from outside the state and there is a wide scope for repair & maintenance requirement of the industry.
2. In the M/s. Multimetal unit, 100% scrap and other dies is procured from Kota and still there is scope for MSME sector.
3. Industries like M/s. DCM Shri Ram and others industrial units also obtaining repair, maintenance and general fabrication facilities from local MSMEs.

### 3.10 Service Enterprises

#### i. Coaching Industry

Kota is famous for its coaching industry with having 30 nos of major coaching institutes, mainly imparting the coaching for engineering and medical entrance examination for under graduates courses, having approximate 3000 nos. of employment and about 50,000 students is studying in these institutes.

From this industry other allied industry is also working like hostels, laundry, mess, printing, transportation and packaged food industry.

#### ii. Potentials areas for service industry

1. Packaged food industry
2. Printing press

3. Bakery units
4. School furniture & steel furniture
5. Hostels

### 3.11 Cottage & Village Industries
